The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair Granger and Ranking Member DeLauro,

I am requesting funding for the Green Infrastructure in the Mystic Project in the fiscal year 2024. The entity to receive funding for this project is Town of Arlington located at 730 Massachusetts Avenue, Arlington, MA 02476.

The funding would be used by the Town of Arlington to build small-scale, cost-effective installations that distribute the benefits of stormwater management regionally along the Mystic River Watershed, which is the most urbanized watershed in New England. The project is an appropriate use of taxpayer funds because the most cost-effective means of removing stormwater pollutants from urban runoff is through distributed green infrastructure projects.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Katherine M. Clark".
