Clark, Katherine M.(D-MA) - Community Project Funding Requests

ID	Request Project Name	Recipient Name	Request Member's Request (in thousands, \$000)
63	Exterior Repair of Building 2 Doriot Chambers, Natick Soldiers System Center	Natick Soldiers System Center	\$3,560

Request ID: 63			
Project Name:	Exterior Repair of Building 2 Doriot Chambers, Natick Soldiers System Center	Request Nature:	Community Project Funding
Member Name:	Clark, Katherine M.(D-MA)	Member's Request: (in thousands, \$000)	\$3,560
Justification:	The Doriot Climatic Chambers are a key facility at the Natick Soldier Systems Center, serving as a critical component of both our human research, and product development programs. The facility has four separate environmental chambers capable of duplicating environments across the globe, and supports the entire spectrum of research, development and testing executed by the Soldier Center as well as other tenant organizations. Additionally, the Climatic Chambers support outside academia and industry through testing support agreements which allow them to use this unique facility. Although we continue to make improvements to the mission capabilities of the facility, the exterior of the building has degraded significantly, and is in dire need of repair. PE/project 622143/AZ2		
Project Purpose:	Project will replace the badly degraded façade, front entrance stairs/ramp, and roof of the Doriot Climatic Chambers.

The Honorable Adam Smith
 Chairman
 Committee on Armed Services
 U.S. House of Representatives
 Washington, D.C. 20515

The Honorable Mike Rogers
 Ranking Member
 Committee on Armed Services
 U.S. House of Representatives
 Washington, D.C. 20515

Dear Chairman Smith and Ranking Member Rogers:

I am requesting funding for Exterior Repair of Building 2, Doriot Climatic Chambers in fiscal year 2022. The entity to receive funding for this project is the Natick Soldiers System Center, located at G4, DEVCOM Soldier Center, General Greene Ave, Natick, MA 01760.

The funding would be used to replace the badly degraded façade, front entrance stairs/ramp, and roof of the Doriot Climatic Chambers. The Doriot Climatic Chambers are a key facility at the Natick Soldier Systems Center, serving as a critical component of both our human research, and product development programs. The facility has four separate environmental chambers capable of duplicating environments across the globe, and supports the entire spectrum of research, development and testing executed by the Soldier Center as well as other tenant organizations. Additionally, the Climatic Chambers support outside academia and industry through testing support agreements which allow them to use this unique facility.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Katherine M. Clark
 Member of Congress
