April 22, 2022

The Honorable Rosa L. DeLauro
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the MassBay Community College's Center for Health Sciences, Early Education and Human Services in fiscal year 2023. The entity to receive funding for this project is Mass. Bay Community College, located at 50 Oakland Street, Wellesley, MA 02481.

The funding would be used for the acquisition of science laboratory equipment for the new Center of Health Science, Early Education, and Human Services. The Center, located in Framingham, is currently under construction and will be ready for occupancy in summer 2023. New, state-of-the-art laboratory equipment is vital to training medical, early education and human service professionals. It will be the very same equipment that students will find when working in the most modern, well-equipped facilities. Targeted occupations are substance abuse counselors, central processing technologists, medical sonographers, early childhood educators, emergency medical technicians, nurses, paramedics, phlebotomists, radiologic technologists, and surgical technologists. The equipment will make a profound difference in students' lives, giving them rich opportunities to begin or advance their careers and obtain financial stability for themselves and their families.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Katherine M. Clark".

Katherine M. Clark
Member of Congress
