The Honorable Tom Cole
Chairman

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Charles River Community Health Center Expansion Project in the fiscal year 2027. The entity to receive funding for this project is the Charles River Community Health Center located at 43 Foundry Ave, Waltham, MA, 02453.

The funding would be used to renovate and improve the Charles River Community Health Center Waltham clinical space so that it can better serve more people in the area. The redeveloped space will expand access and improve care and experiences for community members seeking and requiring medical services. The project is an appropriate use of taxpayer funds because the project benefits the health and safety of community.

The project has a federal nexus because it is for purposes authorized under the Public Health Services Act.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Katherine Clark". The signature is fluid and cursive, with the first name "Katherine" and the last name "Clark" clearly legible.
